

SonneNatural™

Product Range

sonneborn™

A HOLLYFRONTIER BRAND

Nature's Answer to Petrolatum

SONNEBORN, a HollyFrontier brand, is a world leader in white oils, petrolatums and waxes, and sets the global industry standard for specialty products. We make the finest range of natural alternatives imaginable, and help our customers to achieve what they never thought possible.

SonneNatural

Soft, translucent-yellow, medium gloss product, an excellent natural alternative to petrolatum in cosmetic formulations. Recommended for lip balms and body wash.

SonneNatural 200 series

SonneNatural H-203

The firmest base in the SonneNatural line. Ideal for hair styling products such as putty and pastes, and for lip balms that require a more compact feel.

SonneNatural J-207

Offers the natural, classic look and feel of neat petroleum jelly. Best for a neat petroleum jelly replacement, or for use in elegant lip moisture balms or high-end hair pomades.

SonneNatural™

Discover our range of ready-to-use plant-based petrolatums

- A full line of 6 100% plant-based emollients
- Functionally equivalent to Petrolatum
- Robust product stability
- Meets all the industry requirements for sustainability

SonneNatural Select

An extension of our 200 series, blended with botanicals, rich in Omega 3, Omega 6 and Omega 9 fatty acids.

SonneNatural Select – Jojoba Oil Enhanced

Jojoba oil is the natural oil closest in chemical composition to human sebum. Soft and glossy with a smooth application.

SonneNatural Select – Meadowfoam Seed Oil Enhanced

Adheres well to the skin and helps to rejuvenate skin's appearance. Smooth application with medium cushion and gloss.

SonneNatural Select – Extra Virgin Olive Oil Enhanced

Aids skin elasticity. Smooth application with medium to high cushion and medium to low gloss.
